SUMMARY

I am an aspiring Software Developer currently pursuing a Master of Computer Application. With a strong foundation in programming languages such as C, SQL, and Java, I also possess web development skills in HTML, CSS, and JavaScript. My background in Mathematics has sharpened my analytical abilities, enabling me to tackle problems with a methodical approach. I am eager to apply my technical skills to real-world challenges

EDUCATION

GL Bajaj Institute of Technology and Management

Master of Computer Application SGPA: 8.09

Greater, India

Maharana Pratap Degree College

Bachelor of Science (Computer Science/ Mathematics) Percentage: 70.72

Gorakhpur, India

Aug 2020 – June 2023

SKILLS SUMMARY

- **Languages:** C, JAVA ,SQL.,WEB Developr (Mern Stack)
- **Tools:** MySQL, SQLite,DBMS
- **Platforms:** Visual Studio Code, IntelliJ Idea,Notepad
- **Soft Skills:** Adaptbility , People Management, good communication

KEY Achievements

- **Leetcode weekly contents** - Participated in LeetCode Weekly Contests to enhance problem-solving skills and algorithmic thinking under time constraints.
- **160 days Geeksforgeeks challenge** - Continue 160 Days Coding Challenge by GeeksforGeeks to strengthen data structures, algorithms, and coding consistency.
- **Unstop-100 days coding - challenge** -Completed Unstop 100 Days Coding Challenge to build consistency and improve problem-solving skills through daily coding practice.

PROJECTS

BookStoreApp: <https://bittu720.github.io/BookStore/>

- The Book Store App is a full-stack web application built using the **MERN Stack** (MongoDB, Express, React, Node.js) where users can **browse, search, add to cart, and purchase books**.
- The backend uses MongoDB to manage **books, users, and orders** efficiently.
- The frontend is built with React, providing a **responsive design and real-time user experience**.

CERTIFICATES

DSA using Java (Infosys)

May 2025

- Completed a certification course in Data Structures and Algorithms using Java.
- Gained hands-on experience with core concepts like arrays, linked lists, trees, and sorting algorithms. logical concepts, enhancing capabilities.

JAVA MASTERING THE FUNDAMENTALS : (Scaler Point)

May 2025

- Completed "Mastering the Fundamentals" certification by SCALAR POINT focused on Java programming.
- Gained strong foundational knowledge in Java, including OOP concepts, syntax, and core libraries.

COMPUTER NETWORK: (CISCO)

May 2025

- I have successfully completed a Computer Network certification from Cisco, gaining foundational knowledge of networking concepts.
- This certification enhanced my skills in areas like routing, switching, and network security.
